

TECHICAL REQUIREMENTS

Show "Angèle"

THE SHOW

For all

Show duration : 25mn

Gauge : 450 personnes

Frequency : 2 per day

Team : 1 person on stage + 1 tour person

Arrival J-1 / Departure J+1

PLAY AREA

Opening: 6 m

Depth : 5 m

Height : 4 m (inside)

The floor must be flat, level and clean (please, no gravels and no stone-paved)

We need a stage if it's on the grass.

Unfortunaly, the show can not take place in the rain.

TIME NEEDED FOR SET UP

Rehearsal :

We need a time to rehaersal for artistic technical and sound check. Minimum 2h before the show.

Installation : 30mn

Dismanting: 20mn

One person will be needed to set up the audio material.

SOUND AND LIGHTS

Sound system with 2 speakers « 12XT » and a mixer with :

- Microphone input and XLR câble to put an « SM58 » (the microphone off the company)
- Mini-jack câble to Connect a laptop

The show must take place in a quiet place.

If the show plays at dusk or at night, the organiser must provide the necessary lights.

BACKSTAGES

The organiser must provide a dressing room with a shower and toilets, near the venue.

A small sweet/savoury catering (coffee, tea, fruit juice, fruit, dried fruit, biscuits...) will be particularly appreciated.
